FRIENDS HAD AUTO WAITING TO AID IN SHILLITANI PLOT

Car Sped Away at First Alarm
and Death House Escape
Plan Failed.

CHICAGO, June 22.—Discipline in
King King is noticeably tighter to-day

after Oswald's execution, armed with
one revolver and possibly two, escaped
from the death house after
shooting two guards, and was re-
captured, as nearly as can be ascer-
tained, only because his friends in a
waiting automobile outside the walls
took alarm at the uproar and shrieks
of the prison men.

One result, as reported, is that the
cell keys will again be taken away
from the keepers, as was the rule
up to three weeks ago.

Shillitani, who killed three men, is
sentenced to die next week. He is
now in a padded cell, raving like a
maniac. Nobody knows whether he
is feigning. Daniel McCarthy, one of
the wounded guards, is in the Ochs-
ner Hospital and probably will die.

as the company are about to prove
further for the bullet in his abdomen.
The other guard, Ernest Bulard, will
recover.

Warden Kitchner has sent a pre-
liminary report to Superintendent of
Prison James M. Carter and will
later send a fuller one to District At-
torney Weeks. Now Shillitani got
the revolver to still a mystery.

It is known that some time ago
the authorities heard rumors weapons
were concealed through the prison,
and a search was made, but without
result. The belief that the revolver
was smuggled to Shillitani by recent
visitors and that there was a well
thought out plot to effect his free-
dom is supported by the fact that
keepers saw an automobile dart
away from the shadow of the prison
wall as the alarm gave the alarm. It
is believed Shillitani, having thrown
away his clothes and not finding the
car as he expected, was forced to

drive himself up at the hospital.
Shillitani's brother and sister, who
visited him the day before he es-
caped, deny any knowledge of a plot
to smuggle weapons to him. Shillitani,
they say, was transferred to the
interior cell before they saw him,
and there they talked to him through
a wire screen at a distance of four
feet while a keeper sat between them.
They also say they were both
searched before being admitted.

OUT 6 DAYS, GRANTS 1 CENT.

Association, After Long Trial.
CHICAGO, June 22.—The American
Medical Association was found guilty
of libeling the Chattanooga Medicine
Company, manufacturers of Wine of
Cardui, by a jury last night.
Damages were fixed at 1 cent. The
jury had been out six days.

like this offered. Come early or you will

THE most significant fact about this clothes proposition is
that these are regular GIMBEL stock suits, made by the
master tailors who have made GIMBEL Clothing for the Three
Big GIMBEL Organizations for years.

sell at \$15 when they were first conceived. But, while we
could forecast the styles for Summer 1916, and did forecast
the Values we couldn't control the weather.
